Subject: Joker Mine, Calvyn Bradford, Operator

This memo is being resent to BLM

MEMORANDUM

TO: Kent Walter, Area Manager
San Juan Resource Area
DWQ Ref Ltr 28

FROM: Dave Rupp, DWQ

DATE: Feb. 24, 1998

Subject: Calvyn Boyd Bradford, Operator
Joker Mine (for Uranium and Vanadium)
UTU 74617

We have reviewed a copy of an NOI to commence the subject small mining operations by letter from BLM dated January 28, 1998. It apparently consists of an extraction operation in San Juan County. It does not appear that the operation, as described, will have any water quality impacts, and the operation will not have any process water.

The NOI also describes heap leaching, solution ponds, and tailings impoundments. It is understood that these are separate from the Joker Mine project, and describe operations at the International Uranium Mill site. If this is contrary to your understandings, please contact me at 801-538-6067.
